OUR MISSION:

We promote the academic, personal, and occupational success of students by assisting them in the processes of career-decision making and career development. Through the provision of high quality individualized/group career services and programming we prepare students to become contributing members of society in an ever-changing world of work.

- Connecting students' interests, values, skills, and personality with the world of work.**
- Aiding development of students' interests by exploring various careers and majors.**
- Encouraging students to test their ideas with internships, informational interviews, volunteering, and other activities.**

OUR MISSION:

- **Providing customized attention to resumes, cover letters, and interviewing skills.**
- **Listening and helping with personal concerns that relate to career decisions.**
- **Assisting students' implementation of decisions by learning to conduct a job search or plan for graduate or professional school.**
- **Informing students about the University's employment assistance services.**

Career Connection offers:

- **Individual / Group Career Counseling**
- **Career Assessment & Decision Making**
- **Job Campaign Assistance**
- **Print and Multi-media Career Resources**
- **Career Workshops**
- **Outreaches**

Individual Career Counseling

- Meet one-on-one with a trained career counselor to help answer your questions about careers, internships, graduate school, and/or making the transition from student to professional.
- A career counselor will help you clarify your goals, explore personal concerns, and develop an individualized career plan.
- While a counselor can suggest occupations to consider, the ultimate choice is yours to make.

Group Counseling

- Connecting with other students who share similar concerns is a unique way to generate solutions and strategies for your career-related questions.
- A variety of programs ranging from how majors relate to careers to job search strategies can be point of discussions.

Career Assessment

- Career test can help to generate career options based on your interest, skills, values, and personality traits.
- Types of career assessments offered include:
 - Strong Interest Inventory, Self-Directed Search, Myers-Briggs Type Indicator, Focus II, & Discover.
- Career Connection's individualized interpretation format will add clarity to your results.

Job Campaign Assistance

- Resources are available on how to create professional resumes, curriculum vitae, and cover letters, plus free critiques!
- Strategies for conducting a successful job search.
- Meet with a career professional for a free mock-interview.

Media Resource Suite

- The Media Resource Suite located at the Younkin Success Center, Room 210 and contains print and electronic resources and information on careers, occupations, academic majors, career trends, job search techniques, and applying to graduate or professional school.
- Career Exploration Resources include: Occupational Outlook Handbook, Career Brief's. Peterson's Guides, and Focus II & Discover computerized assessment software.

Career Workshops

- A variety of career-related programs ranging from career exploration to job search strategies are available every quarter.
- Unique seminars and workshops are offered to all undergraduate/graduate students.
- Grab-n-Go career handouts are always available!
- Call our offices at (614) 688-3898 to find out more about upcoming career workshops.

Outreaches

- Career Connection offers outreach services to diverse populations sensitive to their needs.
